#### **Terms and conditions in licences**

**3(1)** The Minister may not include terms or conditions in a licence that authorizes fishing or research involving fish or invasive species except (whether generally or specifically) terms or conditions dealing with all or any of the following, as applicable:

- (a) the species and kinds of fish or invasive organisms and the quantities, sizes and weights of them that are allowed to be taken or possessed;
- (b) when, where and how fishing or the collection of invasive organisms is allowed to be carried on;
- (c) subject to sections 10(1) and 11.02(1) of the Act and section 41 of this Regulation, who may conduct activities pursuant to the licence;
- (d) the types and quantity of fishing gear and equipment, including the mesh size of nets, if applicable, that may be used and how they may be used;
- (e) the methods, types and quantity of gear and equipment that may be used to take invasive organisms and how they may be used;
- (f) how taken, kept or possessed fish or invasive organisms are to be held, displayed and disposed of or marked and transported;
- (g) how scientific and taken data are to be reported;
- (h) whether the fish or invasive organisms may be
  - (i) bought, or
  - (ii) sold,and, if so, how;
- (i) how a licence holder may be required to report activities already undertaken or proposed activities;
- (j) the term of the licence.

**(2)** The Minister may not include terms or conditions in a fish culture licence except terms or conditions dealing with all or any of the following:

- (a) the species and kinds of fish, including matters relating to their size, life stage, genetic make-up and strain, that may be kept under the authority of the licence;
- (b) the size and shape of the receptacle and the volume of the water in which the fish may be kept;
- (c) the lining and construction of a reservoir or receptacle in which the fish may be kept, including the maintenance and repair of any works or undertakings;
- (d) the methods of screening, constructing and maintaining the outflow from a reservoir or receptacle in which the fish are kept;
- (e) the treatment and disposal of water and fish from any facility;
- (f) the care, feeding and prophylactic treatment of fish and the care and prophylactic treatment of water and equipment, including water and equipment used in transporting fish, under the licence;
- (g) the testing for and control of any parasite, disease and infestation;
- (h) the reporting of information and submission of records;
- (i) the original water bodies and facilities outside Alberta from which fish may be removed and then imported;
- (j) the manner in which fish are handled before they are loaded for transportation, transported and handled after transportation, and the treatment and disposal of water that has been used for the transportation;
- (k) the operation of fish culture premises;
- (l) the term of the licence.

**(3)** The Minister may not include terms or conditions in an invasive species possession licence except terms and conditions that

- (a) deal with matters contained in subsection (1)(a) to (j) and are capable of applying to an invasive species possession licence, and
- (b) albeit that they apply to a fish culture licence and fish, deal with matters contained in subsection (2)(a) to (j) but are also capable of being applied with respect to an invasive species possession licence and invasive species.

(4) The Minister may not include terms or conditions in an import licence except terms or conditions dealing with all or any of the following:

- (a) the species and kinds of fish and invasive organisms and the size, life stage, genetic make-up and strain of them, that may be imported under the licence;
- (b) the size and shape of the container and the volume of the water in which the organisms may be transported and held;
- (c) the lining and construction of the container in which the organisms may be transported and held, including the maintenance and repair of any works or equipment;
- (d) the methods of screening, constructing, converting and maintaining the container in which the organisms being imported are to be transported and held;
- (e) the treatment and disposal of subject water and of the organisms;
- (f) the care, feeding and prophylactic treatment of the organisms and the care and prophylactic treatment of water and equipment, including subject water and equipment used in transporting the organisms;
- (g) the testing for and control of any parasite, disease and infestation;
- (h) the reporting of information and submission of records;
- (i) the original water bodies and facilities outside Alberta from which the organisms may be removed and then imported;
- (j) the manner in which the organisms are handled before they are loaded for transportation, transported and handled after transportation and the disposal of subject water used in transporting the organisms;
- (k) the term of the licence.

(5) The Minister may not include terms or conditions in a fish stocking licence except terms or conditions dealing with all or any of the following:

- (a) the possession of cultured fish, including the source of the fish, and transportation to the location where they may be stocked;

- (b) where and when cultured fish may be stocked;
- (c) the person authorized to transport and stock the cultured fish;
- (d) the number of cultured fish of a species to be stocked at any location;
- (e) the reporting of cultured fish stocking activities and the submission of records;
- (f) the species and kinds of fish, including matters relating to their size, life stage, genetic make-up and strain, that may be stocked;
- (g) the manner in which fish are handled before they are loaded for transportation, transported and handled after transportation, and the treatment and disposal of water that has been used for the transportation;
- (h) the term of the licence.

**(6)** The Minister may not include terms or conditions in a competitive fishing event licence except on the following matters in relation to what is authorized or required, as the case may be, under the licence:

- (a) who may conduct the authorized activities;
- (b) the species of fish and the quantities and, if applicable, sizes of fish that may be taken by competitive fishing event participants;
- (c) when, where and how fishing may and may not be carried out by competitive fishing event participants;
- (d) the type and quantity of fishing gear and equipment and the types of bait that may and may not be used and how they may and may not be used;
- (e) practices relating to fish handling, injured, stressed and dead fish and inclement weather conditions;
- (f) the handling and possession of live fish;
- (g) where and how live fish must be released;
- (h) the type, quantity and location of fish handling facilities;
- (i) the size, shape and construction of any receptacle, and the volume, flow and quality of water, in which live fish must

be kept, during the holding, transportation and handling of fish;

- (j) the collection and reporting of information about
  - (i) fish mortality,
  - (ii) fish taken,
  - (iii) competitive fishing matters, and
  - (iv) the event itself;
- (k) methods by which event organizers may be identified and contacted;
- (l) the recording of individuals as competitive fishing event participants and the issuing to them of instruments, and the completion of acknowledgments, referred to in section 5(6);
- (m) fishing by persons referred to in section 19.3(1);
- (n) the term of the licence.

34/2016

#### **Transfer of licence**

**4(1)** The Minister may, on the surrender of a licence by a licence holder, approve the transfer of the licence to another person.

**(2)** The Minister may, in a licence that is to be transferred,

- (a) delete or alter any terms or conditions of the licence,
- (b) include additional terms and conditions in the licence, and
- (c) alter the term of the licence if the term does not or is not to expire on the date set out in section 14(1) of the Act.

AR 203/97 s4;34/2016

#### **Activities under another's licence**

**5(1)** In this section and in section 5.1, "instrument" means an instrument referred to in section 18(1)(b) of the Act.

**(1.1)** Subject to subsection (6), an instrument must be in writing, authorized by the Director and state who is authorized to conduct activities pursuant to the licence.

(2) An instrument may only be authorized by the Director with respect to a special sportfishing licence, a commercial fishing licence or a fish research licence.

(2.1) Repealed AR 67/2008 s3.

(3) The Director may authorize only one instrument to have effect at any one time under any one commercial fishing licence.

(4) Notwithstanding anything in this section or in the instrument, an instrument issued in respect of a commercial fishing licence has no force while the licence holder is conducting activities pursuant to the licence in respect of which the instrument is issued.

(5) The holder of an instrument issued in respect of a commercial fishing licence shall, while conducting activities purporting to be authorized as a result of holding the instrument, carry that licence and ensure that the instrument is attached to the licence.

(6) Where the licence in question is a competitive fishing event licence, the instrument is any document issued by the licence holder that

- (a) indicates that the individual in question has been recorded for the purposes of section 2(1)(a.3) of the Ministerial Regulation, and
- (b) includes an acknowledgement, in the form required by the Director and signed by that individual, that that individual has been given a copy of and will comply with all the terms and conditions of the competitive fishing event licence that apply to the individual.

AR 203/97 s5;204/2005;165/2006;67/2008;34/2016

#### **Authority to conduct activities under a licence**

**5.1(1)** A person who is not the licence holder shall not conduct any activity pursuant to a licence unless that person

- (a) is the person who is identified in the instrument under section 5(1.1) or (6), as the case may be, or
- (b) is specifically authorized to do so by or under the Act or this Regulation.

(2) The holder of a licence shall not allow the licence to be used by another person in a manner that involves a contravention of subsection (1).

AR 34/2016 s7

**Replacement for lost or destroyed sportfishing licence**

**6** If a sportfishing licence is lost or destroyed, the licence holder may apply to the Minister for a replacement licence.

AR 203/97 s6;34/2016

**Licensing exemptions**

**7(1)** Subject to this Regulation, licences that authorize fishing, research or stocking do not apply in a National Park of Canada.

**(2)** A licence that authorizes fishing is not required for fishing

- (a) in contained waters, or
- (b) in water in which fish are lawfully held live under the authority of a licence for that location.

AR 203/97 s7;34/2016

**Live bait fish and crayfish**

**8(1)** A person shall not be in possession of live bait fish or crayfish

- (a) unless they are possessed as specifically authorized under the authority of a research licence, or
- (b) if imported, unless they are held in contained waters as pets or for sale as pets.

**(2)** A person is not in possession of fish for the purposes of subsection (1) if, in the course of fishing, it is immediately returned to the waters from which it is taken and is released in a manner that causes it the least harm.

**(3)** A person does not require a licence to fish for crayfish by means other than with a hook and line provided that such fishing is not prohibited by any other law.

**(4)** Subsection (3) does not apply to fishing in the Beaver River or its tributaries.

AR 203/97 s8;204/2005

**Trafficking in fish**

**9(1)** Repealed AR 34/2016 s9.

**(2)** A licence other than a fish culture licence authorizes the licence holder to sell fish taken under the licence or held live under the licence if

- (a) the regulations state that the sale is allowed, or

- (b) a term or condition set in accordance with section 3(1)(h) specifically authorizes the sale of those fish, if the fish are sold,
  - (i) if and only if the licence is a research licence, as live fish, or
  - (ii) in the case of any licence, subject to any restrictions imposed by that licence, as dead fish.
- (3) Repealed AR 34/2016 s9.
- (4) A person shall not knowingly buy, sell or attempt to buy or sell fish
  - (a) that have not been taken pursuant to a licence that authorizes the buying or selling, as the case may be, of the fish, or
  - (b) that are represented or held out by any person as having been taken, or as being sold or disposed of, in contravention of any provision of the Act or the *Fisheries Act* (Canada).

AR 203/97 s9;204/2005;34/2016

**Eligibility for sportfishing (non-special) licence**

**9.1** A person may obtain a sportfishing licence, other than a special sportfishing licence if, and only if, that person is the holder of a valid wildlife identification number card within the meaning of the *Wildlife Regulation* (AR 143/97) issued by or on behalf of a person referred to in section 3(2) of the Ministerial Regulation.

AR 74/98 s3

**Sportfishing****Sportfishing licence exemptions**

- 10(1)** The following persons do not require a sportfishing licence when they engage in sportfishing:
- (a) a person who is under 16 years of age;
  - (b) a person who is a resident of Canada, who is 65 years of age or older and whose primary residence is in Alberta;
  - (c) a person who is a member of a group that is named in a special sportfishing licence that authorizes that fishing;
  - (d) a person who is authorized under the *Fisheries Act* (Canada) to engage in sportfishing in Alberta without having been issued a sportfishing licence;

- (e) any person sportfishing on the following day or days:
  - (i) if July 1 falls on a Saturday, July 8 or 9, or both;
  - (ii) if July 1 falls on a Sunday, July 7 or 8, or both;
  - (iii) if July 1 falls on any day other than a Saturday or Sunday, the 2nd Saturday or Sunday, or both, of July;
- (f) any person sportfishing on Alberta Family Day or on the Saturday or Sunday immediately preceding Alberta Family Day or any or all of those days.

(2) A person who is sportfishing in Cold Lake or Primrose Lake and holds a valid angling licence issued pursuant to the *Fisheries Act (Saskatchewan), 1994* does not require a sportfishing licence while sportfishing.

(3) For the purposes only of construing the definition of “sportfishing” in subsection 1(1) of the *Alberta Fishery Regulations, 1998* (Canada) (SOR/98-246), the concept of fishing under the authority of “any licence issued under the provincial Act other than a Sportfishing Licence” is to be deemed to refer to lawful fishing specifically under the authority of any licence (issued under the Act) other than

- (a) a licence designated as a sportfishing licence in section 2(a), or
- (b) a sturgeon fishing licence.

AR 203/97 s10;94/2001;12/2002;67/2008;34/2016

#### **Sale of fish taken while sportfishing**

**11** A person who holds a sportfishing licence or a person described in section 10(1) or (2) shall not sell the fish taken while sportfishing or otherwise engage in sportfishing for commercial purposes, but may engage in sportfishing for non-commercial purposes.

AR 203/97 s11;34/2016

**12** Repealed AR 74/98 s4.

#### **Sturgeon fishing licence authorization**

**13** A sturgeon fishing licence authorizes the licence holder to retain sturgeon, for non-commercial purposes, taken by means of angling.

AR 203/97 s13;34/2016

**Issue of special sportfishing licence**

**14** The Minister, on considering the advice of the Director, may issue a special sportfishing licence authorizing an organized group to engage in sportfishing.

**Special fish harvest licence**

**14.1(1)** The Minister may issue a special fish harvest licence authorizing its holder, subject to this section and all other applicable laws and in accordance with the conditions of the licence, to retain fish that were taken

- (a) by means of lawful sportfishing,
- (b) from bodies of water specified by the Minister in the licence, and
- (c) during the periods specified in the licence,

being fish that are of the species and within the maximum number and, if applicable, the maximum or minimum or the maximum and minimum sizes so specified.

**(2)** The Minister may limit in any manner the distribution of special fish harvest licences to be issued.

**(3)** A special fish harvest licence may be issued only to an individual who is a resident of Alberta who

- (a) holds a sportfishing licence or is another person described in section 10(1)(a), (b), (c) or (d), and
- (b) whether or not section 9.1 applies to that individual, is the holder of a valid wildlife identification number card referred to in section 9.1.

**(4)** The Minister shall issue one or more tags with a special fish harvest licence.

**(5)** Each tag issued with a special fish harvest licence

- (a) is valid only for tagging one fish, and one fish only, of the species, and conforming to the maximum or minimum size, or both, specified in the licence, being a fish that was taken during the period and from the body of water specified in the licence, and
- (b) constitutes part of the licence until it is attached to a fish.

**(6)** Subject to this section, a person shall not retain or after retention be in possession of a fish for whose retention a special

fish harvest licence is required unless, and may retain or so possess it if,

- (a) the person taking it was sportfishing lawfully,
- (b) that person held a valid special fish harvest licence along with a tag issued under subsection (5) appropriate for that fish, and
- (c) that tag has been attached by that person in the manner referred to in subsection (8) and, subject to subsection (9), remains attached to the fish.

(7) Subsection (6) does not prohibit the possession by a person who received the fish as a gift if the fish was lawfully taken and tagged pursuant to this section.

(8) A person who retains a fish under this section shall, immediately after taking it, tag it by attaching an appropriate tag issued with the licence through the gill cavity and mouth of the fish and securely locking the tag in accordance with the instructions printed on the tag.

(9) A person shall not remove a tag from a fish that is or that purports to be tagged in accordance with this section, or be in possession of such a fish that does not have such a tag attached, unless the fish

- (a) is being prepared for preservation, or has been preserved, by taxidermy, or
- (b) is being or has been prepared for consumption.

AR 147/2006 s3

### **Sturgeon fishing licence**

**15(1)** Only a sportfishing licence holder or a person described in section 10 is eligible to apply for a sturgeon fishing licence.

(2) One or more tags may be issued with a sturgeon fishing licence and they

- (a) are valid only during the period during which the sturgeon fishing licence may be used, and
- (b) are considered to be part of the licence until they are used.

(3) No person shall

- (a) apply for or hold more than one sturgeon fishing licence or apply for one while holding another during the period from April 1 to March 31, or
  - (b) retain a sturgeon that has been taken without being the holder of a sturgeon fishing licence.
- (4) Repealed AR 165/2006 s6.

AR 203/97 s15;165/2006;34/2016

**Retention of sturgeon and tagging**

**16(1)** Without limiting the application of section 15(3)(b), a person shall not retain a sturgeon that has been taken unless

- (a) the sturgeon is taken while the person holds a sturgeon fishing licence and the licence holder is lawfully angling,
- (b) the sturgeon is more than 130 centimetres in length, and
- (c) a tag, issued with the licence, is attached to the sturgeon in accordance with subsection (2).

(2) A person who retains a sturgeon must immediately tag it by placing a tag issued with the licence through the gill cavity and mouth of the sturgeon and securely locking the tag.

(3) No person shall remove a sturgeon tag affixed to a sturgeon unless the sturgeon

- (a) is being prepared for preservation by taxidermy, or
- (b) is being prepared for consumption.

AR 203/97 s16;34/2016

**17, 18** Repealed AR 74/98 s4.

**Possession of game fish**

**19(1)** Subject to this section, no person shall have in his possession other than at his permanent residence any game fish that is skinned, cut or packed so that

- (a) the species of fish cannot be readily identified,
- (b) the number of fish cannot be readily determined, and
- (c) in the case of fish to which minimum or maximum length limits apply, the length of the fish cannot be readily determined.

(2) For the purposes of subsection (1), 2 pieces of fish flesh must be counted as one fish.

(3) Subsection (1) does not apply to

- (a) the skin, fins or eyes removed from game fish which may lawfully be used as bait,
- (b) fish that are not being transported that are being prepared for immediate consumption, and
- (c) the possession of game fish that have been lawfully
  - (i) acquired from a jurisdiction outside of Alberta or from a National Park of Canada,
  - (ii) taken and retained under the authority of a licence other than a sportfishing licence or sturgeon fishing licence, or

**Transportation of game or cultured fish**

**60(1)** No person shall transport or cause to be transported any game fish or cultured fish in a conveyance unless

- (a) the person is carrying a bill of lading signed by the licence holder who has taken the fish or an invoice issued by a commercial fish culture licence holder who sold the fish,
- (b) the person has taken or kept the fish pursuant to a licence,
- (b.1) the fish are live cultured fish that are the subject of an aquatic species import licence or a fish stocking licence and are being transported to the destination indicated in that licence and the transporter is carrying a copy of that licence, or
- (c) there is a bill of lading or invoice attached to the outside of the receptacle in which the fish are transported.

**(2)** Subsection (1) does not apply

- (a) to fish that have been sold by a restaurant or a retail outlet, other than a licensed fish culture facility;
- (b) to a person who is carrying a statement described in section 29 of the Act that includes the date that the fish were taken or sold;
- (c) to a taxidermized fish.

**(3)** The bill of lading or invoice described in subsection (1) must set out

- (a) the type and number of the licence under which the fish were taken or kept,
- (b) the quantity and species of the fish,
- (c) the points of origin and destination of the fish, and
- (d) the date on which the fish is to be transported.

(4) A person who transports game fish or cultured fish must, when requested by a fishery officer, produce to the fishery officer the licence pursuant to which the fish were taken or kept or the invoice or bill of lading required under this section.
